

DROUGHT CONDITIONS

The pattern of little change in reservoir and drought conditions from week-to-week continues. Both reservoir levels and the percent of the state in drought have been relatively flat since mid-November. Perhaps Santa will bring us some precipitation over the holidays?

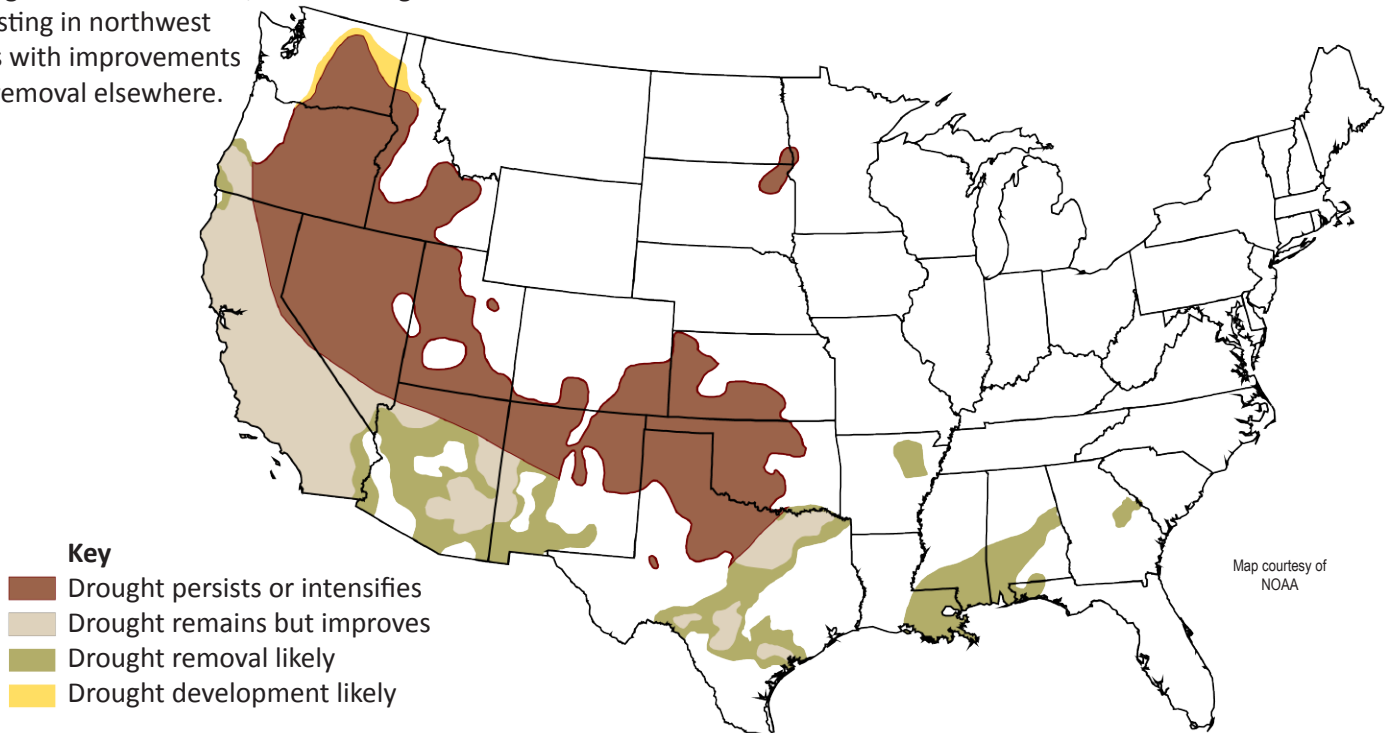

Drought statistics

- 44% of state currently in moderate to exceptional drought
- 43% a week ago
- 57% three months ago
- 47% a year ago

SEASONAL DROUGHT OUTLOOK

The latest seasonal drought outlook, valid through the end of March, shows drought persisting in northwest Texas with improvements and removal elsewhere.
