

**WATER CONDITIONS**

Drought intensified and expanded over the past week with fingers of moderate drought poking into West Texas and an expansion of extreme drought in the eastern half of the state. The new seasonal drought outlook through the end of December shows improvement across the state but patches of drought remaining in East Texas.

**Drought conditions**

- 27% now
- 27% a week ago
- 0.29% three months ago
- 57% a year ago

**U.S. SEASONAL DROUGHT OUTLOOK**

The U.S. Seasonal Drought Outlook through the end of December shows improvement but drought remaining in Texas.
