

# Water Weekly

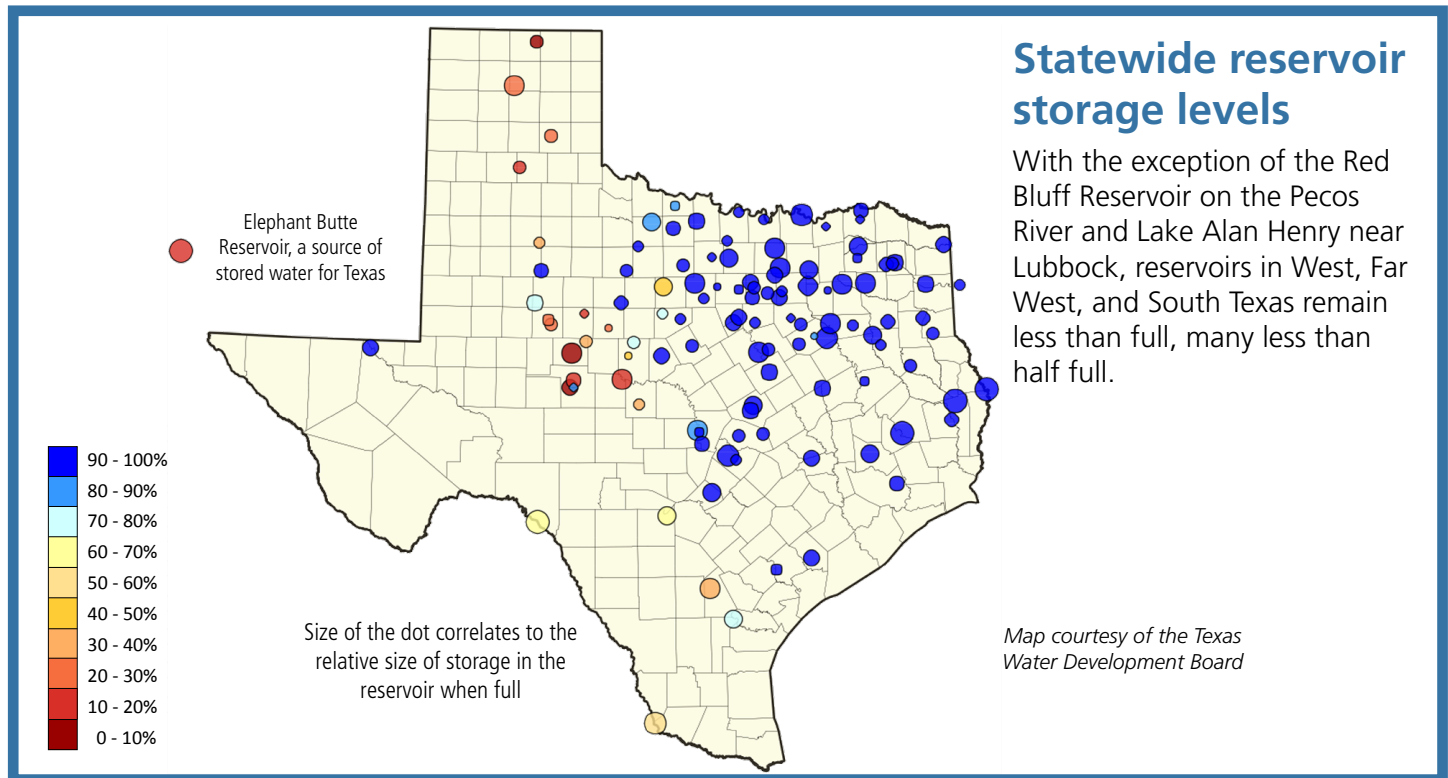

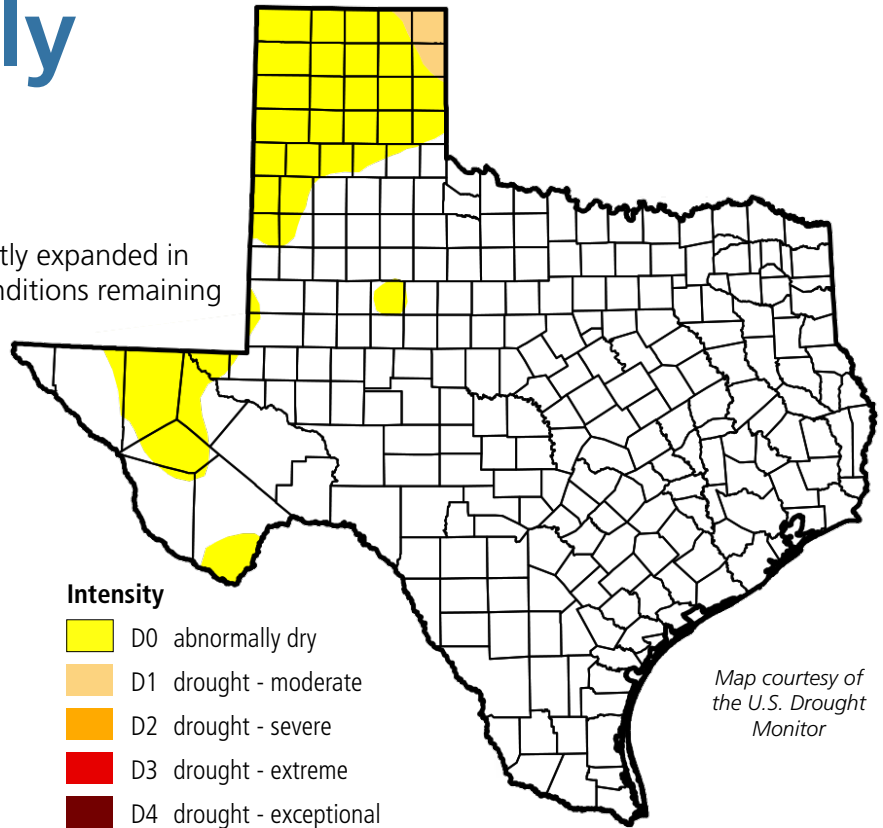

For the week of 03/28/16

## Water conditions

Abnormally dry conditions and drought slightly expanded in the Texas Panhandle with abnormally dry conditions remaining in Far West Texas. The rest of the state remains drought-free according to the U.S. Drought Monitor, although reservoir levels remain lower than normal in the San Angelo and Midland-Odessa areas.

## Drought conditions

- ◆ 0.7% now
- ◆ 0.1% a week ago
- ◆ 0% three months ago
- ◆ 36% a year ago
