

Water Weekly

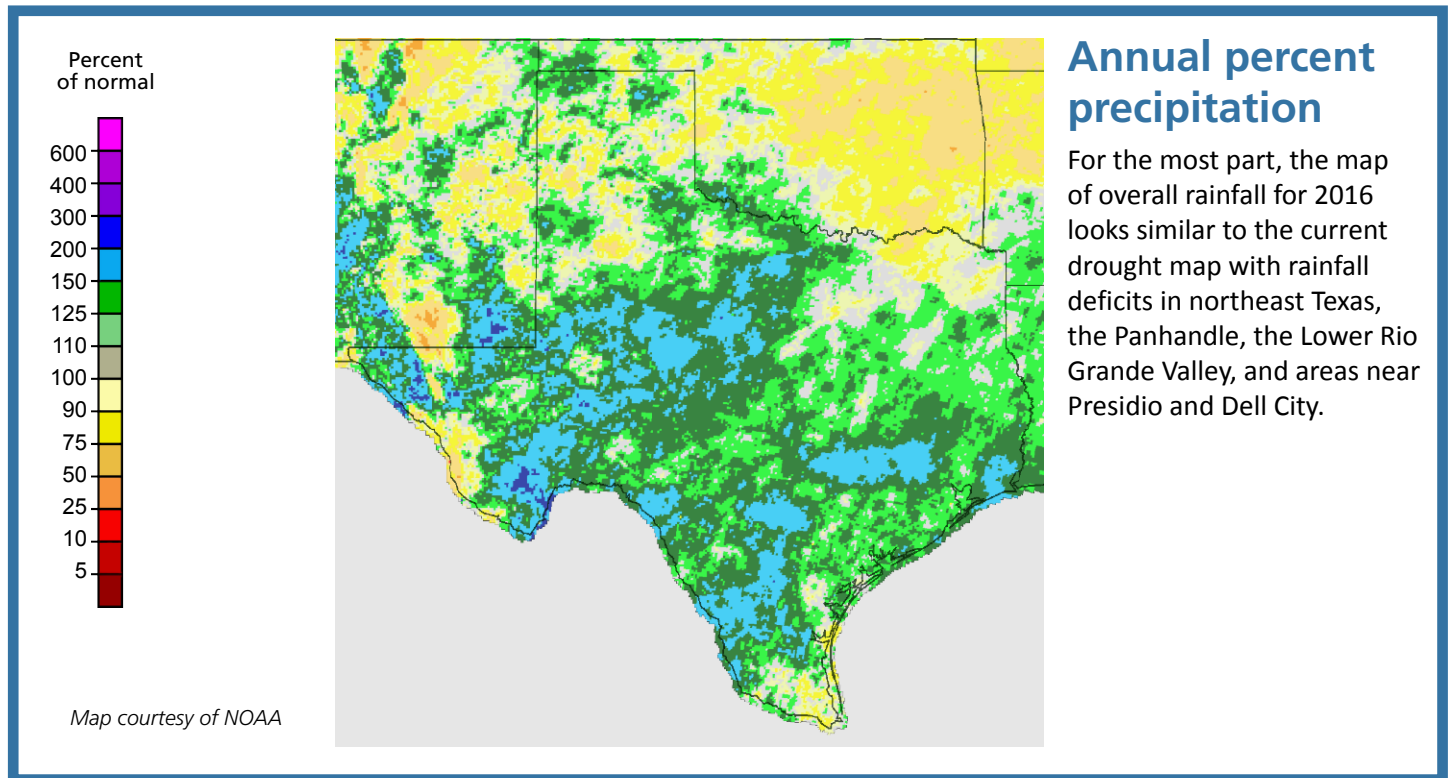

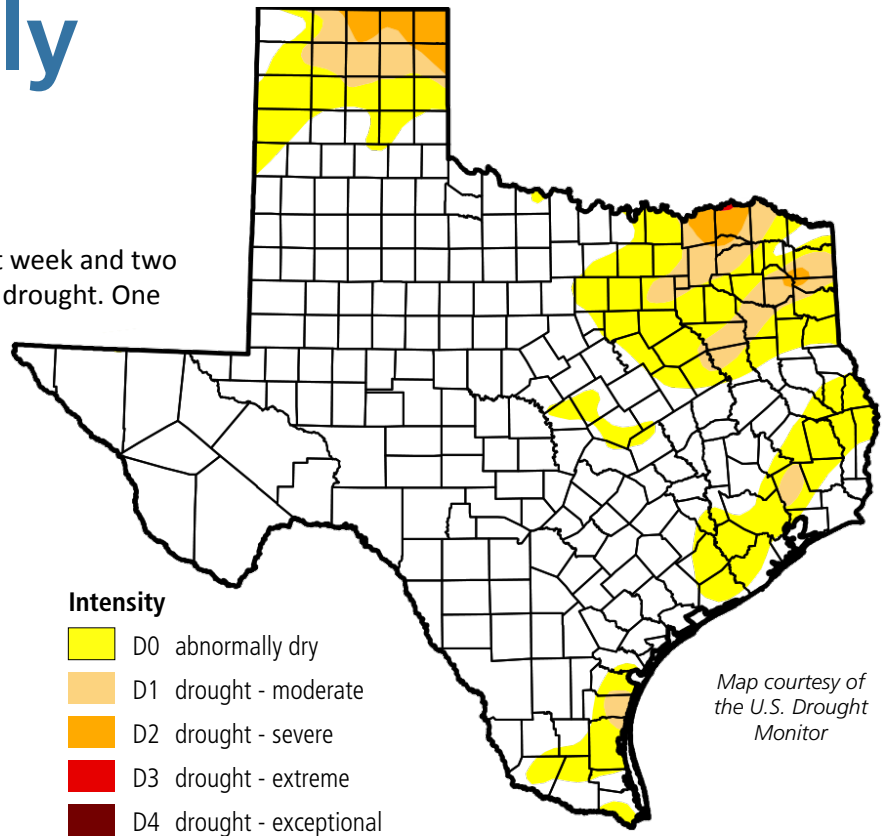

For the week of 01/02/17

Water conditions

Drought conditions this week are similar to last week and two weeks ago with about 7 percent of the state in drought. One improvement is from a weather system that sliced up the middle of northeast Texas, dividing drought conditions into two patches. Drought conditions are unchanged elsewhere in the state.

Drought conditions

- ◆ 7% now
- ◆ 8% a week ago
- ◆ 0.6% three months ago
- ◆ 0% a year ago
