

# Water Weekly

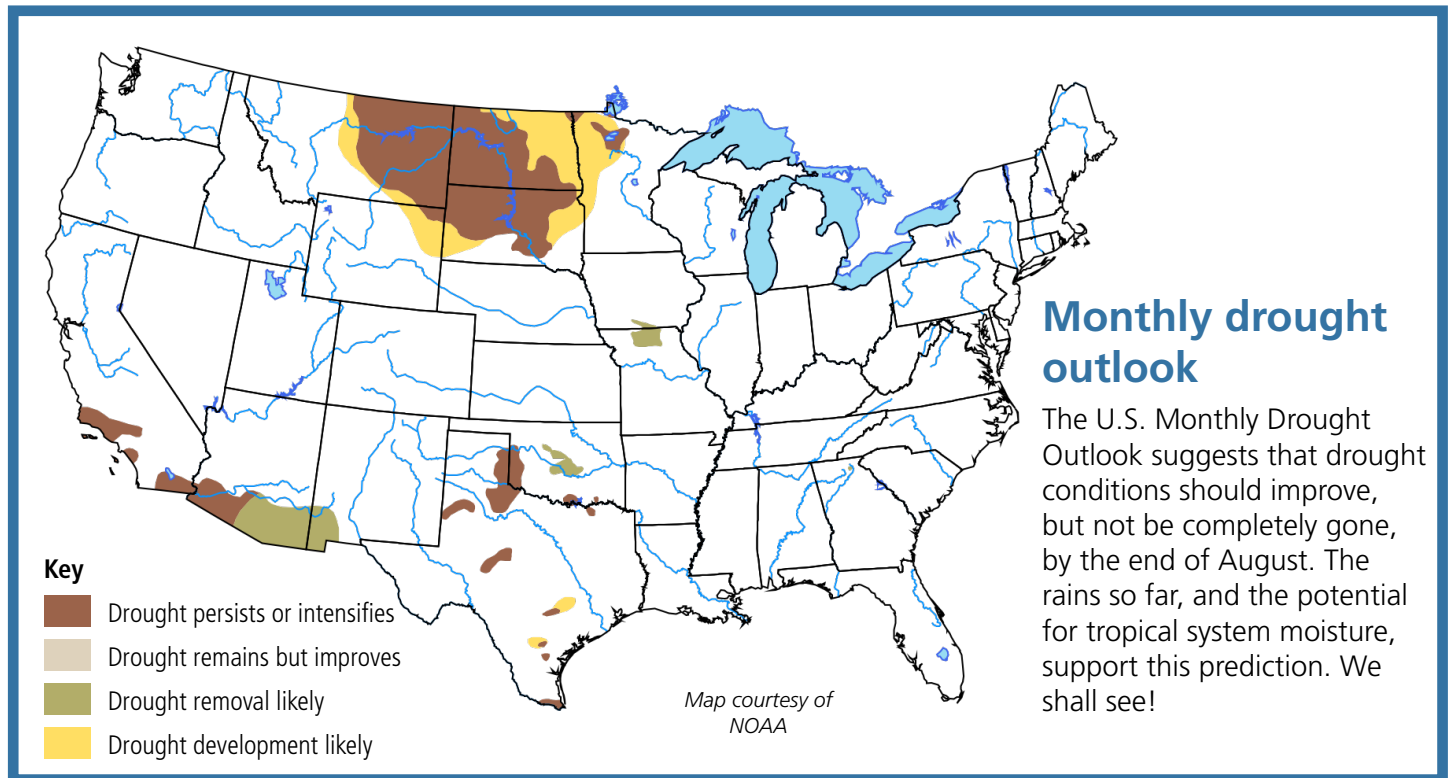

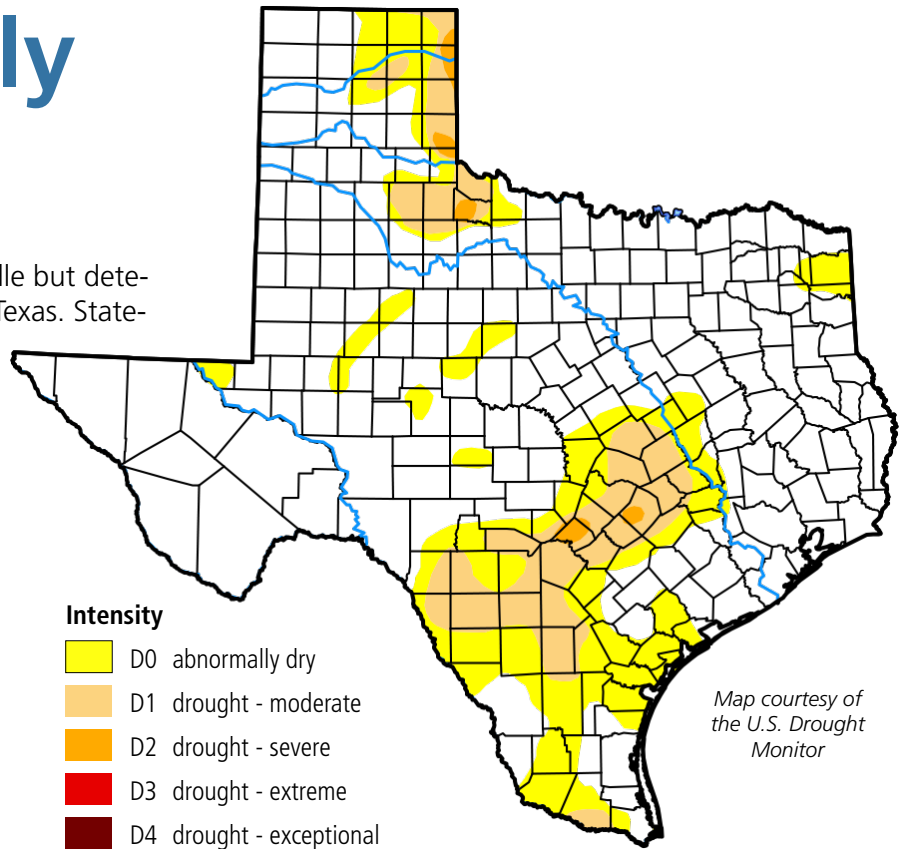

For the week of 08/07/17

## Water conditions

Drought conditions improved in the Panhandle but deteriorated in central, south central, and south Texas. Statewide reservoir storage has declined since mid-June, but the amount of the decline is typical for a Texas summer. Statewide reservoir storage remains above normal for this time of year.

## Drought conditions

- ◆ 10% now
- ◆ 9% a week ago
- ◆ 1% three months ago
- ◆ 6% a year ago
