

Water Weekly

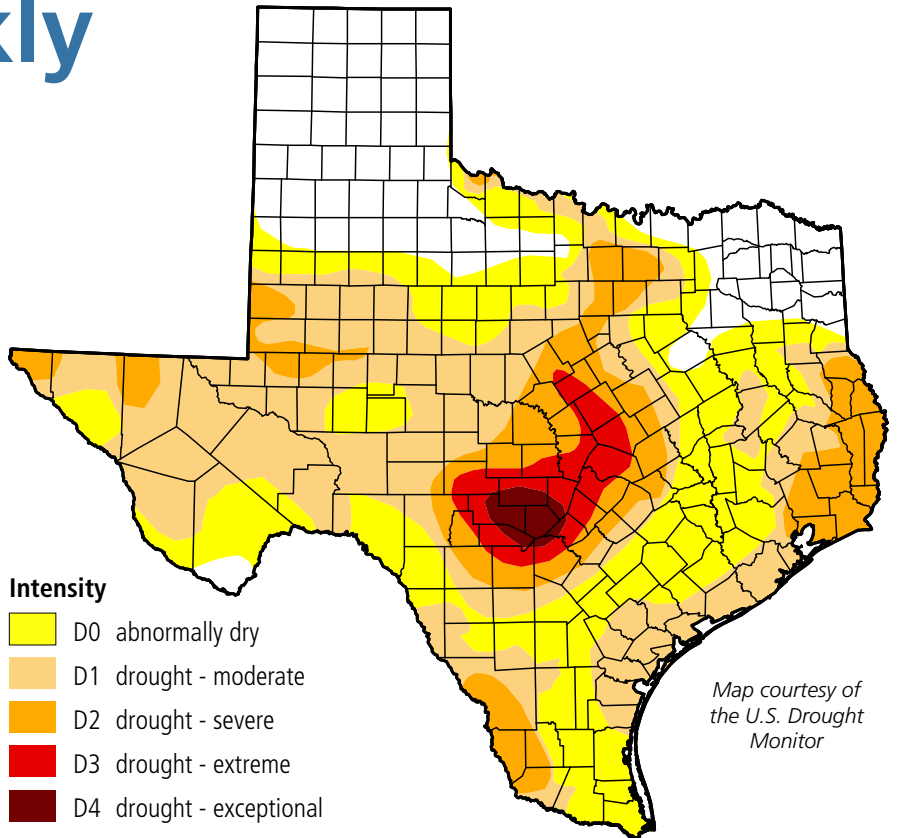

For the week of 08/07/23

Water conditions

The area of the state impacted by drought increased for the seventh consecutive week. Areas of West, North Central, and East Texas experienced one class of drought degradation. Drought has reached its largest extent since early May and looks primed to continue growing in the coming weeks.

Drought conditions

- ◆ 52% now
- ◆ 49% a week ago
- ◆ 54% three months ago
- ◆ 97% a year ago
